Čištění a údržba

Pokud budete dodržovat následující instrukce, bude vám výrobek sloužit mnoho let k vaší spokojenosti. Panely z polyetylenu jsou odolné vůči nečistotám a rozpouštědlům. Většinu nečistot lze odstranit jemným mýdlovým roztokem a měkkou houbičkou. Drsné čisticí materiály by mohly plasty poškrábat, proto nejsou doporučovány. Velice jemným smirkovým papírem lze opravit škrábance nebo koroze na kovu, použijte ochranný sprej proti rzi jako podklad a nakonec použijte bezbarvý lak ve spreji s vysokým leskem.

Nepoužívejte a ani neskladujte zdroje tepla uvnitř nebo poblíž kompostéru.

Prodloužená smluvní záruka

Výrobce si vyhrazuje právo na změnu reklamace, jestliže budou části nedostupné nebo zastaralé.

1. Výrobce poskytuje původnímu kupujícímu prodlouženou smluvní záruku na kompostéry po dobu 5 let od data nákupu. Defekty jsou definovány jako závada, která omezuje použití produktu. Také ji nelze použít v případě poškození způsobené vandaly, korozí, „vyšší mocí“, pojistnou událostí nebo jinými událostmi mimo kontrolu továrny.
2. Tato záruka je nepřenositelná a je výslovně omezená k opravě nebo výměně poškozeného produktu. Pokud je výrobek poškozen v termínu záruky, výrobce opraví nebo vymění poškozené části zdarma. Náklady na odeslání z a do prodejny v tom zahrnuté nejsou a je to na odpovědnosti kupujícího. Práce a podobné výlohy na přepravu, instalaci nebo výměnu výrobku nebo jeho částí nejsou zahrnuté do záruky.
3. Do záruky není zahrnuto poškrábání nebo odření výrobku při běžném používání. Navíc nejsou do záruky zahrnuté defekty vyplývající z úmyslného poškození, nedbalosti, nerozumným užíváním.
4. Zodpovědnost za náhodné nebo následné škody je vyloučena v rozsahu povoleným zákonem. Ačkoli je celé příslušenství vyrobeno s nejvyšším stupněm bezpečnosti, nelze vyloučit možnost poranění. Uživatel přebírá zodpovědnost za veškerá nebezpečí úrazu, plynoucí z užívání tohoto produktu.
5. Tento produkt není určen pro komerční účely, výrobce při takovém užití nepřebírá zodpovědnost. Komerční používání povede ke zrušení záruky.

Biologické zahoření je fyzikálním jevem, který výrobce nemůže nijak ovlivnit ani mu nijak předejít. Za případné škody vzniklé biologickým zahořením, tak výrobce ani prodejce nemohou zodpovídat.
